

Snack Suggestions for The Bucket School

When choosing a snack, please read the ingredients panel carefully. Many packages write a sentence beneath the ingredients stating that the product was manufactured in a plant that processes peanut or tree nut products. If it does, the snack item is not appropriate. Please send in two boxes or bags of snacks when it is your turn to help stock our snack cabinet. Here are some suggestions:

- Animal crackers: Barnum, Acme, Giant (not Stouffer's, Keebler)
- Cheese curls, Cheese balls: Utz, Herr's Cheetos
